

ASHLAND POLICE

Chief Joseph Stanford
91 Memorial Drive Ashland, AL 36251
Office 256-354-2122

April 3, 2023

In November of 2018, Timothy Scott Parish joined the Ashland Police Department, as an officer recruit. After completion of the police academy, Officer Parish began seeking ways to improve his career, and began working with other officers to become a better community police officer.

Officer Parish recognized the value of spending time with young people in the community and after coming to day shift became familiar with the young people living in the housing complexes and communities in our city. Officer Parish has often been found at the park or ball court or softball fields playing with kids, and interacting with them.

I have received many compliments from parents, grandparents, and community members about the interactions they have seen from Officer Parish and the children and youth. Due to these interactions, this letter should serve as an accommodation that should go in Officer Parish's personnel file. He has been an exemplary officer and has served this city well, and will continue to build on this career.

Sincerely,
Joseph Stanford, CLEE
Chief, Ashland Police Department
